YOU WILL NEED:

THREE SMALL JARS

COOKING RICE

### AIM

We want to see how our words can affect others.

We will see what happens to the rice over time.

*{Try not to miss a day and the same person should stick to talking to the same jar for the experiment}*

### Directions

1. Pour the same amount of rice into each jar
2. Then pour water into each jar, the same amount, covering the rice completely
3. Add a label to each jar with Love Dislike Ignore on it
4. Place each jar in a location you will see it everyday
5. Starting tomorrow, everyday tell the children to tell the love jar, I love you. The dislike jar, I dislike you and the ignore jar...well, just ignore it!
6. Make notes of daily observations

WE WILL FEEDBACK OBSERVATIONS AND THE CHILDRENS EXPERIENCE AT THE END OF THE MONTH
